APPLICATION FOR AMENDMENT OF POLLUTION CONTROL PER- MIT PE-30, PURSUANT TO SEC. 6 OF POLLUTION CONTROL ACT, 1967.

Preamble—Construction of the North Shore intercepting sewer has been completed to Horseshoe Bay in West Vancouver and a continuing programme of lateral sewer installation is being carried out in the North Shore communities. These events mean that more and more sewage is being delivered to the Lions Gate Treatment Plant for treatment—not only because there is more sewage from the increasing population but because the discharge of raw sewage to Horseshoe Bay, Fisherman's Cove, and other contiguous waters is being diverted to the plant. This requires that the plant be expanded so that the increased flow can be treated. Greater Vancouver Sewerage and Drainage District has therefore made application to the Pollution Control Branch for the following amendment to Pollution Control Permit PE-30.

THIS APPLICATION is to be filed with the Director, Pollution Control Branch, Parliament Buildings, Victoria, B.C. Any person who qualifies as an objector under section 13 (2) or (3) of the *Pollution Control Act, 1967* may, within 30 days of the date of application, or within 30 days of the date of publication in *The British Columbia Gazette* or in a newspaper, or, where service is required, within 30 days of the serving of a copy of the application, file with the Director an objection in writing to the granting of a permit, stating the manner in which he is affected. Those who do not so qualify may file with the Pollution Control Board an objection in writing under section 13 (6), in the same manner and time period as described above.

Greater Vancouver Sewerage and Drainage District, of 2294 West 10th Avenue, Vancouver, B.C. V6K 2H9, hereby applies for amendment of Permit PE-30, issued on February 17, 1959, in favour of Greater Vancouver Sewerage and Drainage District.

To increase the "quantity to be discharged" by deleting that part of section (c) of the permit which reads "48 cfs max; 12 mgd average" and substituting in its place the following: "89 cfs max; 22.4 mgd average".

I, R. J. Hannon, Registrar, hereby certify that a copy of this application has been received by the Regional District of Greater Vancouver.

This application, dated on the 8th day of January 1975, was posted on the ground in accordance with the Pollution Control Regulations.

Tenders must be delivered only to Room 237, Douglas Building, Victoria, which is open from 8.30 a.m. to 12 noon and 1 p.m. to 4.30 p.m., Monday to Friday, except holidays.

The work to be carried out under this contract consists of the construction of a new fill area and a new berth, including a new abutment, loading-ramp, apron, wingwalls and shelter, and the installation of a pontoon and floating leads.

Plans, specifications, and conditions of tender may be obtained from the Provincial Government Plan Viewing Room, 108, 501 West 12th Avenue, Vancouver, B.C. V5Z 1M4 (telephone 879-7531), or from the undersigned for the sum of \$10 (cheque or money order made payable to the Minister of Finance), which is not refundable.

Construction of this contract shall conform to the requirements of the applicable sections of the Department of Highways "General Specifications for Highway Construction." If the bidder does not already have a copy of these specifications, one may be obtained from the Provincial Government Plan Viewing Room, Vancouver, or from the undersigned for the sum of \$10 (cheque or money order made payable to the Minister of Finance), which is not refundable. All copies purchased are registered and amendments are forwarded when issued.

Each tender must be accompanied by a bid bond or a certified cheque in an amount equal to 10 per cent of the tender price. A performance bond and a labour and material payment bond, each in the amount of 50 per cent of the tendered

sum, in a form acceptable to the Minister of Finance, must then be provided by the successful bidder upon receipt of notice of acceptance of tender. If a bid bond is supplied, this bond shall be forfeited if the tenderer declines to enter into a contract if called upon to do so. In the event that the successful bidder supports his tender with a certified cheque, but fails to produce the required performance bond and labour and material payment bond within a period of 14 days from the date of issuance of notice that his tender is accepted, the Minister of Highways shall have the right to forfeit the tender deposit in its full amount or to the extent of the difference in cost between the bidder's tender and the accepted tender, whichever is the lesser.

Tenders must be made out on the forms supplied and enclosed in the envelope furnished.

The tender submitted is irrevocable for 60 days and may not be altered, amended, or withdrawn for any cause without the written permission of the Minister.

Tenderers are advised that all bidders will be required to satisfy the Minister of Highways, in writing, that they have the necessary qualifications to successfully perform the work. It is preferred that tenderers submit with their tenders a list stating the type, capacity, and present location (so that inspection can be made if necessary) of the equipment in their possession or at their disposal which is immediately available for the carrying-out of the work within the time limit specified without in any way curtailing or delaying any Departmental project that may be under contract at this date.

No tender will be accepted or considered which contains an escalator clause or any other qualifying conditions, and the lowest or any tender will not necessarily be accepted.

It is preferred that tenderers submit with their tenders a schedule of proposed construction operations showing estimated monthly progress for each phase of the construction work.
